

Dear Future Tenant,

Attached please find some valuable information on Renters Insurance. Don't be fooled by thinking your landlord will protect you if there is a fire or if your apartment is broken into! Your landlord is NOT responsible to replace your belongings. You also need to protect yourself for liability. You could also be named in a lawsuit that arises when someone is injured inside of your apartment.

Renters Insurance is very affordable. Please call me for a quote at 215.354.1600.

Thank you,

Megan Keller Mackowski
